Spring Newsletter 2011

Thoughts from your Chairman

Last year I wrote about all the troubles caused by the snow and cold; well I do not know about you but I think this winter was the worst one since 1962/3. It started so early and on New Year's Eve nearly two foot of snow fell in blizzard like conditions. But as I sit here it is a beautiful spring day, the bulbs are showing and the crocuses are out in the High Street. Let us hope we have a few more like it.

For those of you who missed the January talk by Paul Templeton, he proved to be one of the most talked about speakers that I can remember due to his method of vegetable growing. This centered on a no: digging, watering, manuring or fertilising approach. It gave us all something to think about.

Have a good gardening year and I look forward to seeing you at the Spring Show.
Sheila Hobbs

Spring Show 2011

Here we are again at the beginning of another show year, how time flies! With any luck we have seen the last of the snow and are going to have a good summer. Last year we had three very successful shows and I hope that the same will be the case in 2011. We have changed the schedule with regard to the wine and beer classes; the beer class has been replaced with a liquor class, so I hope you will all be entering your sloe gins. A few more entries in the wine classes would be good as well.

Thank you to all the previous entrants for their continued support, and to all members who are thinking of entering – go for it. Remember that if you want any advice about showing, you only have to contact either myself or Richard Hilson (contact details for both of us are in the Show Schedule). The Spring Show is on Saturday 2nd April and I look forward to seeing you all then.

Pat Whetstone

Avalanche Update

How are your Avalanche bulbs? Here are a few tips for looking after your bulbs and also to help you make the most of the flowers on Saturday 2nd April, the day of the Spring Show:

- Keep your pots well-watered, especially when the bulbs are in flower.

- Don't expose the pots to too much warmth as this is likely to result in poorer quality blooms.
- Cut the flowers on the morning of the day before the show with a good length of stem. Place in water in a cool place out of direct sunlight.
- A couple of daffodil leaves will enhance your exhibit. Vases are provided by the Society to stage your entry. Some paper or moss used as packing in the vase will aid its presentation.

The special members' class for one stem of Avalanche is Class 10 on page 20 in the schedule. This class has been sponsored by Ron Scamp of Quality Daffodils, the suppliers of these bulbs, who has kindly donated a £10 bulb voucher which will be awarded to the winning entry. 'Rule 17' has been waived for this class to enable two or more members of the same household who purchased Avalanche bulbs from the Society to make their own individual entries.

You may have more than one stem of Avalanche to show. As it is classified as a Division 8 daffodil, you could also enter them in one or more of the following classes:

Open Class 9	Three stems
Members' Class 11	Five blooms/stems (can be mixed with other daffodil cultivars)
Members' Class 16	Three blooms/stems (can be mixed with other Division 8 cultivars)
Members' Class 22	One stem

If you are a 'Novice' (a member who has not previously won a first prize in any daffodil class) you could also enter Avalanche stems in Classes 61, 62 and 67.

I hope that you have enjoyed growing these bulbs as they are one of my favourite daffodils. The scent is delightful and you could have as many as twenty florets on one stem. I am really looking forward to seeing your blooms at the Show; if you need any advice beforehand, please contact me on 440148.

Richard Hilson

Potato Competition

As mentioned by Martin Higgins in his editorial on page 5 of this year's schedule, there will be a special potato class at the Summer Show. At the Spring Show for only £1 members will be able to purchase: one 'Winston' seed potato, a 17 litre polythene growing bag, together with a 'growing hints' sheet. 'Winston' is a first-early variety capable of producing good sized tubers with smooth skins and shallow eyes. For these reasons, it is considered by many top exhibitors to be one of the best potato varieties for showing. By the time of the Summer Show, you will need to select your

best three 'Winstons' grown in the bag to enter the competition and you should still have plenty spare for the kitchen.

Richard Hilson

Garden Visits for 2011

Set out below are the details for this year's garden visits as referred to on the back of the Show Schedule. Because of the popularity of the outings only members of the Society may purchase tickets. This means that tickets may not be bought either by members for their guests or by non members of the Society. Last year there were plenty of unallocated lifts available on the self drive / seek a lift trip, so please do not be put off from applying just because you do not have transport.

Please ensure that all queries etc about outings are made to me, Ann Higgins (484120) as some members contact Alison and Michael Elliott who only have to refer the matter on to me, and they have enough to do for the Society without us needlessly adding to it.

A separate cheque should be sent for **each** trip.

Coach Trip – Merriments & Lullingstone Castle – Friday 24 June

Created during the early 1990s the beautiful gardens at Merriments comprise of four acres of densely planted borders. They provide the winning combination of a plants person's delight laid out with the benefit of an artistic eye. In addition to the gardens there is a nursery and tea room / restaurant. It is proposed to have a morning visit with lunch taken before leaving. There are no picnic facilities.

After lunch we will visit Lullingstone Castle which is more accurately described as a moated manor house rather than a traditional castle. It has only been owned by five families over the last 900 years. The present manor house (which will not be open at the time of our visit) was built in 1497 and has been the home of the fifth family to live on the site ever since. It is in a beautiful setting having a fifteen acre lake, and offers:

- The two acre World Garden which aims to show where many of the plants we use in our own gardens come from by being planted in their respective country of origin. It was planned by Tom Hart Dyke during his captivity when he was held for nine months by guerrillas in the Panamanian jungle whilst on a plant hunting expedition that went dangerously wrong.
- The Hot and Spikey House which displays the diversity of Cacti, Succulents and Bromeliads
- A Norman church
- Tea and cakes

The coach will leave Lindfield at 9.00am and it is anticipated that it will return by 7.00pm. The cost of a ticket will be £23.00 which covers coach travel, tips and entrance to both gardens. **Please use the attached application form at the end of this newsletter to order tickets.**

Coach Trip – Audley End House & Gardens – Thursday 21 July

Audley End is an English Heritage site with a spectacular Jacobean mansion and a park laid out by Capability Brown. It offers:

- Organic kitchen garden
- Parterre
- Parkland
- Stable yard with horses and multimedia exhibition about the estate and its workers
- Entry to the Mansion (included in the ticket price) which is considered to be one of the most magnificent houses in England
- Tea room and separate café

The coach will leave Lindfield at 8.30am and it is anticipated that it will return by 6.30pm. The cost of a ticket will be £22.00 for the over 60's or £23.50 for those who are younger, this covers coach travel, tip and entrance. However for English Heritage members it will be £12.60, as you will only have to pay for the coach travel and tip. If you are an English Heritage member it is important that you indicate this on the attached application form, as well as how many members in your party are covered by similar membership. All those claiming English Heritage membership will need to have their membership cards with them on the day of the trip otherwise they will have to pay the full entry cost to gain admission. **Please use the attached application form at the end of this newsletter to order tickets.**

Self Drive / Seek-a-Lift – Loseley Park – Tuesday 9 August

This will be to Loseley Park, near Guildford on Tuesday 9 August and offers the following:

- A 2.5 acre Walled Garden which is based partly on a design by Gertrude Jekyll, and has been compared favourably with gardens of national repute. It contains flower gardens, herb gardens and vegetable garden. Plenty of seating allows one to admire different areas of the Garden at leisure and the whole is surrounded by a magnificent wall of similar age to the House.
- A recently planted Wildflower Meadow

- A Moat
- Lake Walk
- The House of the More-Molyneux's which contains many works of art including 16th century furniture. Elizabeth 1 visited on four occasions and you can see the bedroom she chose to stay in. Other historic connections with the House include Sir Thomas More and the poet John Donne.
- Tea Room, providing light lunches etc
- Picnic area
- Gift Shop

There will be a group charge of £7 each which will cover entry to the Garden as well as a guided tour of the House.

Two tours of the House have been provisionally booked for 2.20pm and 2.40pm but these times may alter nearer the time once I know the number who will be visiting. Please note that you may only go round the House as part of a guided tour so if you are not ready for your time slot you will forgo your opportunity to do so.

As the Courtyard Tearoom is rather small and often gets busy Loseley Park recommends that groups pre-book their catering so that queues can be avoided and a seat guaranteed. I have therefore decided to take advantage of this option and you will find after the tour application forms at the end of this newsletter there is a menu for you to make your selection. You do not have to have coffee, lunch and tea; you may choose to have just one or two of the three. If you do not return the menu with your application, together with a cheque to cover the cost of your selection, I will assume that you do not want to use the catering facilities. You may however picnic in the two small picnic areas, but picnics are not permitted elsewhere in the gardens.

If you wish to come on this visit please complete the appropriate form at the end of the newsletter. As those who wish to, are due to have coffee at 11am, but to benefit from the group charge we need to enter at the same time, **we will therefore all meet at 10.45am in the courtyard adjacent to the entry to the walled garden.**

Members having a car are asked to indicate whether they are prepared to offer a lift to those who do not and if so how many. Members not having transport should indicate accordingly on the form and I will attempt to link you up with someone; although obviously I cannot promise that there will be enough lifts available, but based on previous years' experience there should be more than enough. **Please**

remember to return your menu choices if you want to take advantage of this option.

A suggested route will be sent out later to all those who will be driving.
Ann Higgins

Greeting Cards Advert

In the Show Schedule on page 36 the contact details line has been omitted from John Terry's Greeting Cards advertisement. This should have read:

John Terry 01342 326317

We apologise both to John and to you for the omission.

Publicity Officer

I took on this post shortly after we arrived in the area in 2007 but now feel I would like a different role in the Society and wish to stand down at the November AGM. The most important part of the job is producing the posters for our talks and shows, so you do need access to a computer. Several people help to distribute them. I also send notices to the Middy and other media about our forthcoming events and pass on information from other groups about their events. All my expenses for things like printer ink and paper are reimbursed. I am a member of the LHS committee as I need to know what is going on! I have got to know a lot of people and learnt a great deal while doing the work, so if you are looking for a new challenge do give me a call on 451363 and have a chat.

Rosemary Humphreys

Top Nurseryman Visits Lindfield

We ended the year on a high note at our AGM with a talk from Graham Gough, owner of Marchants Hardy Plants, reputed to be one of the finest small nurseries in the UK. Graham is a lively speaker whose delivery is enhanced by his early training as a tenor. He took the audience through the 'gardening year' in the nursery – which also gave us many useful tips for our own gardens.

He purchased Marchants (the name of the cottage) in 1998. At the time, he was looking for somewhere within 15 miles of his native Newhaven but didn't fully realise how unsuitable the local clay and strong winds were for a nursery! Some 11 years later the garden and nursery are still evolving. While the garden is relatively small, it packs in a great number of plants and the landscaping is interesting. The big plus for gardeners is that many of the plants available in the nursery can be seen growing in the garden, so you can visualise them in your own plot.

Marchants specialises in herbaceous perennials and grasses – we loved *Pennisetum villosum* with its spectacular, huge creamy-white flowers. When we visited towards

the end of the summer the *Phlox paniculata* were also looking splendid. Virtually all the plants are grown on the nursery and prices are very competitive.

The nursery re-opens on the 16th March, Wednesday to Saturday inclusive 9.30am – 5.30pm; but the garden (for which there is an entry charge) opens in May. There is no mail order but catalogues can be ordered or viewed on the website: www.marchantshardyplants.co.uk

Marchants Hardy Plants is at 2 Marchants Cottages, Mill Lane, Laughton, E. Sussex BN8 6AJ (Laughton is 7 miles east of Lewes) Phone/fax 01323 811737.
Rosemary Humphreys

Sundries Centre

The Sundries Centre will be open as usual throughout the year for all your growing needs. Once again early ordering has meant that the shed is well stocked with many items at last year's prices – before the VAT increase – so many prices remain unchanged. A price list is included towards the end of this Newsletter.

Our new much more secure shed allows us to stock a much wider range of products, so it would be most helpful if members could tell us what else they would like to see on the shelves. Items which are available include:

Hose Pipe & Hose Accessories

Hanging Baskets – both Wicker and Wire – together with liners and woolmoss

Full range of pots

A wide range of tools to individual order: Forks, Hoes, Shears, Spades etc.

And many more!

All items are of the best quality and by purchasing through the Sundries Centre you benefit from our usual low prices. If you are thinking of buying any of these things, or there is anything else we should have on the shelves, contact me by phone, email or at the shed and I will give you a price. Two weeks' notice would be needed to obtain any items not currently stocked. I look forward to hearing from you.

Christmas Social

What great fun to have a Christmas Social in January! We hope that everyone agrees that we did the right thing in cancelling the Social on the 3rd December when all that snow lay round and about. One or two members were unable to make the new date but a hundred of us sat down and had a very entertaining evening. As usual we must thank those unsung heroes who: laid the tables, cut up the food, made up the plates, made mince pies, served at the bar and waited on tables; these are the people who should have all our thanks - it really is a Team effort.

We must also thank Tony the Steward and Sue in the kitchen who really put themselves out to help us. The entertainers Nicholas and Simon Hancock were also amazing, their Flanders and Swann was most amusing but their second stint, of an old favourites sing-along was particularly enjoyed by all. We wrote and thanked Nicholas and received the following reply:

'I am glad it all went down well - we had a great time, and it was brilliant to have such a lively enthusiastic and responsive audience. We hope you all have an excellent year in the gardens, allotments, smallholdings etc, and end up with some marrows worth singing about!'

The Committee has discussed whether a January Social should be tried again (it cannot be this year as everything is already booked) and were very much undecided. Some thought that there was too much going on in December whilst others felt it was tradition and wanted to keep crackers, mince pies and the carols. Perhaps you could let us know what you think. You could always email us using the website www.lindfieldhorts.org.uk

Alison & Michael Elliott

February Talk – An Apology

We would like to apologise to all those members who attended the February talk, Kitchen Gardens with Flowers and Natural Structures. As you will be aware we had a major computer problem which was not adequately explained on the night. The Society owns a PowerPoint projector which runs using Microsoft whereas the speaker had an Apple Mac computer which uses a different operating system and sadly we could not get one to talk to the other. Please accept our apologies as this technical blip ruined what would have been a very good talk.

Committee

Newsletter by Email

All members who are on email are offered the opportunity to receive their newsletter on the day it is published. Just go to: www.lindfieldhorts.org.uk and click on 'email us' on the shed door and ask for your newsletter by email. Why not at the same time view our website, which is really great thanks to the efforts of our Webmaster Tim Richardson who can be contacted with your suggestions in the same way.

Committee

Sponsor a Class

As usual I am appealing to members to sponsor a show class in 2011. Putting on a show is really quite expensive and members sponsorship makes so much difference to the economics of our shows. Just one class in one show would cost £2.00; the same class in all three shows £6.00 and a specialist class in one show £5.00, and in all three shows £15.00. If anyone could help we would be most grateful. You could just for a bit of fun, sponsor a class and challenge one of your friends or relations to win it back or you could give it as a present to one of those people who already have everything.

Michael Elliott

Garden Pride Discount Scheme

As members will be aware they receive a 10% discount at Garden Pride, Ditchling whereas members of the general public only get 5% when using the Garden Pride loyalty card. If members do not use this facility once in every nine months the discount will drop to 5%. So if you have not used your card for sometime, it is suggested that next time you visit Garden Pride you go to the Customer Services Desk and have your card checked and if necessary altered. Just to be on the safe side please take your Membership Card with you. Members who have not got this facility should join the scheme as an ordinary member of the public and then when you receive your loyalty card you should have it updated as above.

Committee

Appeal to help the KEH

The Village's Grand Old lady the King Edward Hall was 100 years old on the 11th of January this year and she is still very much fit for purpose. The KEH does not make large profits and relies on the income from Village Day to help maintain the fabric of the building. As usual Alison and I will be running a tombola stall on Village Day to help raise funds for the Hall and would ask members whether they could contribute a prize for that stall. Any small unused, unwanted gift would be fantastic, we will even allow you to come and try to win it back! One of the reasons why our membership subscription and our charges at the door are so low is that the King Edward Hall charges us very preferable rates for our meetings and shows. So please help us.

Many thanks

Michael Elliott
